ABOUT ME

I am a frontend developer with 2 years of experience, specializing in HTML5, CSS3, Bootstrap 5, and Tailwind CSS for creating modern, responsive web designs. I am proficient in JavaScript and React.js, developing dynamic and interactive user interfaces. Currently, I am advancing my skills by working with the MERN Stack. Over the past five months, I have been actively contributing to React-based projects at Book Tech Lab, gaining valuable hands-on experience in building real-world, scalable applications.
